Black Tie

---

Yvonne and Chadi Nouneh, MD *Chairpersons*

Marci Schneider Batsakis *Co-Chairperson*

---

This year's gala will support the latest technologies for a new Electrophysiology (EP) lab at OSF HealthCare Little Company of Mary Medical Center. In a dedicated EP lab, our providers can utilize precision equipment to diagnose heart rhythm issues and provide critical, lifesaving treatment. Your support will further equip the EP lab at OSF Little Company of Mary Medical Center to provide state-of-the-art cardiology treatment for patients in our community.
