

Sister Judith Ann Duvall, O.S.F. – Chairperson of the Boards, OSF HealthCare

Why is the decision to form a Diocesan PJP being made?

We believe that this is what God is asking of our Religious Community and we believe it is the best possible solution in this situation. (:11)

The Sisters have a 147-year history of serving with the greatest care and love. Does anything change with this?

The Sisters have always had a special and collaborative working relationship with the Bishops of Peoria. At this time in our history, it seems to be a natural transition and part of God's plan for the sponsorship of our health care apostolate to be under the sponsorship of the Diocesan Public Juridic Person. (:23)

Are you at peace with this decision?

I feel much at peace and have a grateful heart that our Sisters ministry in Catholic healthcare will continue for decades to come. (:12)
